General Safety Instructions

Disclaimer: Please read the product document and ensure that you understand it fully before using the product. After reading this document, keep it for future reference. Improper use of this product may cause serious injury to yourself or others, or cause product damage and property loss.

- Due to efficiency of power bank conversion, the actual capacity is less than rated battery capacity.
- Use the product as operation instructions in this user manual . Improper use can cause damage to the product or may endanger personal and property.
- Check and make sure the charging voltage of your digital device is consistent with the voltage output of your power bank.
- Select and use the original charging cable of your digital device.
- Please recharge your power bank regularly in order to prolong its serive life.
- CAUTION: Risk of Fire and Burns. Do Not Open.Crush, Heat or Incinerate.
- Do not use power bank that has been soaked in water. Contact a battery recycling company for disposal.
- Keep the product away from water, fire and heat sources.
- This product is not a toy, please keep it out of children's reach. Children shall not play with the appliance.
- If this product has obvious deformation, leakage or damage, stop using it immediately, and contact a recycling company for disposal.
- This product does not contain any user-serviceable parts and the battery is not replaceable.
- Placing the battery in a fire or heating oven, or treating the battery by mechanical squeezing or cutting may cause an explosion.
- Placing the battery in an environment with extremely high temperatures or low air pressure may result in an explosion or leakage of flammable liquids or gases.

FCC COMPLIANCE STATEMENT

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and

(2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

– Reorient or relocate the receiving antenna.

– Increase the separation between the equipment and receiver.

– Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

– Consult the dealer or an experienced radia/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can beused in portable exposure condition without restriction.

ISED STATEMENT

This device contains license-exempt transmitter(s)/eceiver(s) that comply with Innovation, Science and Economic Development Canada's license- exempt RSS(s). Operation is subject to the following two conditions:

(1) This device may not cause interference.

(2) This device must accept any interference, including interference that may cause undesired operation of the device.

The device has been evaluated to meet general RF exposure requirement. The device can beused in portable

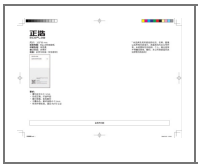

exposure condition without restriction.
This Class B digital apparatus complies with Canadian ICES-003.

CE Hereby, EcoFlow Inc. declares that the radio equipment type RAPID Magnetic Power Bank is in compliance with Directive 2014/53/EU. The full text of the EU Declaration of Conformity is available at the following Internet address:
EU: http://www.ecoflow.com/eu/eu-compliance
UK: http://www.ecoflow.com/uk/eu-compliance
DE: http://www.ecoflow.com/de/eu-compliance
FR: http://www.ecoflow.com/fr/eu-compliance

This marking indicates that this product should not be disposed of with other household waste within the EU. Recycle this product properly to prevent possible damage to the environment or a risk to human health via uncontrolled waste disposal and in order to promote the sustainable reuse of material resources. Please return your used product to an appropriate collection point or contact the retailer where you purchased this product. Your retailer will accept used products and return them to an environmentally-sound recycling facility.
